

# How to install Microsoft Office from Cowboymail

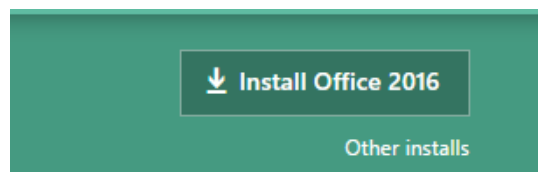

1. Open a browser and login to the [cowboymail.okstate.edu](http://cowboymail.okstate.edu) website using your OKEY login credentials.

2. Select the Office 365 button in the menu bar.

3. Click the 'Install Office 2016' button at the top right of the screen. This will start the download and installation process for installing Office on your computer.
